

Immigration and the Economy

Published on Thu, Jan 07, 2010

Panelists talked about a report on the effects of allowing illegal immigrants to gain legal status in the U.S. Raul Hinojosa-Ojeda summarized the contents of the report, Heather Boushey and Daniel Griswold debated its findings, and Benjamin Johnson made closing remarks. Topics included the impact of previous legalizations on the U.S. economy. Following their remarks, the panelists responded to questions from members of the audience.
