

Local business leaders call on Sen. Durbin to lead immigration reform

Published on Thu, Mar 11, 2010

A group of business owners from the Northwest suburbs has called on Sen. Dick Durbin to lead Congress in reforming the country's immigration system, which they said could be the "recipe" needed to stimulate the country's struggling economy.

About half dozen business people spoke during a news conference Thursday at the La Quebrada Banquet Hall in Elgin, sponsored by the Illinois Coalition for Immigrant and Refugee Rights.

"We thank Sen. Durbin for being a supporter of immigration reform, but we want him to be a leader," said Jose Figueroa of Vista Insurance Agency in Rolling Meadows.
