

## **N.J. Employers, Landlords Being Targeted For Illegals**

**Published on Thu, Jul 22, 2010**

A rough estimate on the number of illegal immigrants residing in the nation as well as New Jersey places the numbers at a minimum of 500,000 in the state, and about 12 million nationwide. The Immigration Policy Center (IPC), the research and policy arm of the American Immigration Council, released a study last year that found illegal immigrants made up 9.2 percent of the state's workforce.
