Published on Mon, Jun 25, 2012

American Immigration Council director Ben Johnson was quoted in an article discussing reactions to the SB 1070 ruling:

Benjamin Johnson, executive director of the American Immigration Council, said it "makes clear that the federal government — and only the federal government — has the power and authority to set the nation's immigration policies."

IPC staff lawyer Ben Winograd was also quoted in the article:

"The fact that Kennedy wrote the majority opinion is itself kind of a firewall," said Ben Winograd, an attorney with the American Immigration Council. Kennedy is widely recognized as the court's key swing vote.
